EVERYBODY WANTS TO GO TO LOUISVILLE

Heads Of Houses Make Invitation To Trade At The Falls City Appealing--Mayor Barry Welcomes Them

Dr. BRUNER RESPONDED

The Louisville Heads of Houses reached this port last Thursday evening about supper time. A large crowd of Cloverporters were at the station to greet them and extend to them a glad hand. Just as soon as the Boosters came from the coaches, Mayor Barry stepped under the famous Tague light and delivered his address of welcome. It was gracefully tied up with sincerity and gratefulness to Louisville. He said just what all Cloverport thought and wanted him to say.

Short responses were made by Phil Laib and Dr. Bruner, the latter speaking in glowing terms of Cloverport people. He said he knew them well, having gone through the Spanish-American war with one Cloverport girl. The heroine of his story was Mrs. Fred Ferry. He wound up his remarks by telling about Louisville's latch strings and her gate; the first wore out long ago and the gate had been taken off the hinges. His speech made Cloverport people feel that they would go to Louisville to trade, even if they had to walk and carry their freight home.

After he concluded his address, the band played "Shall Aid Acquaintance be Forged," and Nolte Bros. pennant of greeting kept time to the music floating in the air over their heads.

Notwithstanding a number of the party took the regular train to Louisville at Owensboro, several real live members of the Club were on the special.

Among them was W. T. Kelly representative of the Courier-Journal.

Harry T. Almlee, representing the California Pig Stryer Co. said Cloverport was not so strange to him as he had heard Lewis Kimchev speak of it so often.

J. N. Gathright, of Harrison & Gathright, gave a cordial invitation to everybody he met to visit his house. Arthur Board, representing Swan-Abram Hat Co. had a good time shaking hands with old friends.

That thirty minutes stay in Cloverport was nearly equal to eighty pages of advertising for Louisville, for each Booster certainly talked well for his home city. They assured Cloverport that she would not only receive a good hand shake and thirty days credit, but would get a saucer of ice cream and a street car ride on the side if she would just trade with Louisville.

There was only one sad feature to the Club, and that was keenly noticed by the young girls. All the Boosters were married when they got back to Louisville.

Beautiful Home In Durant, Oklahoma.

Last week Mr. Sam Conrad received a post-card on which was the new home of Mr. and Mrs. Eugene Haynes, of Durant, I. T. They moved into the house in August, when it was just completed. The photograph shows it to be a handsome two story residence with a large Southern porch.

Smart's School Busy.

Saturday night a pile and of ice cream supper was given at Smart's School House and 817 was cleared. This was spent by a bell for the school, Miss Katharine Wroe, the teacher, and her pupils, are taking great interest in this new school. Simon Smart assisted in giving the entertainment.

Hallowe'en Reception.

The Epworth League will give their annual Hallowe'en celebration in the Sunday school room of the Methodist church. The affair will be strictly social and a good time is being planned by the committee.

Barn Burns.

Chester Beavin's barn burned Sunday night October ninth. One horse, two mules, harness and feed were burned. Loss \$800. Origin of fire unknown.

RAILWAY TO PAY FOR BURNT TREES

Damages For Merchantable Young Growth Is Precedent.

GOVERNMENT IS LEGAL VICTOR

Establishes "Expectation Value" of Timber in South Dakota Case For First Time in America, Though Practice Is Common in European Forestry and Insurance.

In an action for fire trespass on the Black Hills national forest brought by the United States against the Missouri River and Northwestern railroad the jury has awarded damages to the government not only for the loss of merchantable timber, but also for the destruction of unmerchantable young growth.

This is regarded as establishing an important precedent. So far as is known at the department of agriculture, it is the first time that any court has recognized what foresters call "expectation value" of young growth as furnishing a basis for the award of damages.

Hard to Prove Loss. The difficulty in the way of such an award in the past has been that there was no way to prove to the satisfaction of the courts the money value of the loss suffered.

The award in the South Dakota case followed the presentation of evidence as to the cost of work in reforestation, which the government is actually doing in the Black Hills. The amount claimed for the young growth burned was \$12 an acre, and the claim under this item was allowed in full by the jury. The total amount of damages claimed was \$3,728.85, of which \$2,634.45 was for merchantable timber destroyed or injured by the fire.

It is recognized by foresters that the cost of artificial reforestation will not always furnish a fair basis for estimating the damage to forest reproduction. Where new growth can be expected by natural sowing from seed trees on the ground within a short time artificial planting or sowing is an unnecessarily expensive method. To meet such cases what are known as "yield tables" are being prepared. By the use of these the loss can be shown in terms of the final crop and the time necessary to produce it.

Easy to Calculate. Thus if it is known that 10,000 feet of timber per acre can be cut once in twenty years it is easy to calculate the value of the crop when it is ten years old by discounting from its value when mature.

In European countries where forestry has been long practiced this method is regularly applied in selling, condemning or estimating damages on forest land. It is also used against insurance, which would not be impracticable if there were not both an accepted basis for determining the loss suffered and a way of proving the expectation of the loss.

an opportunity to have work done, as one of the days is Saturday.

One of the best real estate deals that has been made in his town for many years was the purchase of 12½ acres of land in the College addition from Dr. L. B. Moremen. This track of land will be divided into town lots and put on sale at public auction, Sat. Oct. 22nd by the purchasers: The Bowman Realty Co., of Huntington, West Virginia.

A Poet And A Woman

You bent above the grave and read the stone

Where long ago—I saw your quick tears start—

Some singer, unremembered and unknown,

Had woven into song his broken heart

And then you asked if only loss and death

Moved man to truer song and brought the need

Of music's balm and that assuaging breath

Which falls so plangently from lips that bleed.

You asked how I, who knew and mourned no dead,

Could hope for music, since its cords must spring

From death and sorrow — and I only said:

"Have I not my dead selves of which to sing?"

PARSONAGE ONCE CHURCH GALLERY

Old New York Edifice Solves Economy Problem.

BIBLE SILENCED OBJECTORS.

"In My Father's House Are Many Apartments." Quoted Pastor, and Congregation Abandoned Criticism. Eight Room Flat Only Inconvenience to Butcher's Boy, Who Has to Climb.

In Greenwich village, the quietest section of New York city, there is a butcher's boy who climbed a goodly old stone steps of the church is generally a group of children with their playthings. Not infrequently, jostling the doors of the church, is another pile of toys, color slates and perhaps cushions for use upon the stone steps.

Occasionally a grocer's boy or a butcher's boy approaches the steps of the church, but he does not pass by. Instead he enters the front doors and ascends by a stairway to the east that usually in churches leads to the gallery.

And then the secret is out. The home of the children and of their parents as well is in the church. To the Rev. Ezra T. Sanford, pastor of the North Baptist church, belongs the credit for this solution of one of the problems of the downtown churches whose finances are necessarily restricted by the movement of population from the old residence districts.

Converted Gallery Into Home. Pastor Sanford surveyed the large gallery of the church auditorium proper and decided it was too much to expect in a downtown church that it would ever be filled by the congregation. So he cut the gallery in two and moved the rear wall forward eighteen feet. This gave him a space running for seventy-five feet across the front of the church and eighteen feet deep. In this he built an eight room apartment. There are no lives with his wife, three children and two young relatives of his son.

"I think I have a clean closet that is unique among the clean closets of women," said Mr. Sanford. "When I cannot go to church and I am lonely I go into the dining room and hear my wife chattering through the church closet, and that is company for me."

On the level of the gallery in the Sanford apartment are kitchen, bath, dining room, two large bedrooms and two living rooms. A stairway leads to the former attic of the church and the bell tower. In the attic Pastor Sanford has built two large bedrooms, one for his son, now a sophomore in Cornell, and one for his daughter Ruth.

One of the things Mr. Sanford, who is a practical housekeeper, finds with his church apartment is that, unlike her neighbors on the opposite side of the street, who have no church, growers and butchers must tramp through the main door of the church and up the two flights of gallery stairs with her supplies.

"When I want to have this apartment built," said Mr. Sanford, "there was considerable opposition in the church. They seemed to think it was beneath the dignity of a church to have living rooms for its pastor in it."

But I quoted to them the words of Jesus when he fed the multitude on the loaves and fishes, 'Gather up the fragments, let nothing be lost.' And I pointed out to them that here in the midst of downtown New York was a church that needed conservation if it were to endure.

"One of the things we were still obdurate. Then I showed them a new reading for an old text."

"In my Father's house are many apartments," I said to them. They thought I was scoffing and said that Jesus hadn't meant to build flats in a church. I answered them that in the church at Jerusalem there were many little apartments for the priests and rabbis and that Christ had been referring to the temple, and of course by analogy to heaven, when he said that there were many mansions (or, as it may be translated, apartments) in his Father's house. After that there was no more to be said.

A year ago Little Anna had measles. Then came a problem for the health authorities. At one time it was thought that the whole church would be quarantined and services ended for a time, but when it was realized that the church apartment would be completely isolated from the church proper only the apartment was quarantined.

The Congressional Race.

The fact that Mr. Johnson is making a race for two offices—Congress and Chief Executive—is serving to help Dr. Gaddie. Friends of Senator Jas. B. McCreary, Mayor Head, John K. Hendricks and William Adams are not enthusiastic in their support of Mr. Johnson.

Indeed, they resent Mr. Johnson's candidacy for the high office of Governor at a time when he is running for reelection to congress.

Dr. Gaddie pointed out that in the event that Mr. Johnson is elected to Congress, and is then nominated and elected Governor, he will serve nine months of his term as Congressman, drawing salary for the same without rendering any actual service, as Congress will not convene until just the time that the Governor of Kentucky is inaugurated.—Hartford Republican.

Come off neighbor. There is not a Democrat in the district who is against B. B. Johnson for Governor, who is not for him for Congress. We do not believe he will lose a single Democratic vote in the thirteen counties, while in addition to this he will get in his own county, many Republicans.

The Democrats of the District would rather elect Ben Johnson to Congress if he only served nine months than Dr. Gaddie to serve the full term. To tell you the plain truth, neighbor, the Democrats would rather not have any Congressman at all from this District than to have Dr. Gaddie or any other Republican. When the election returns come in Ben Johnson's majority will be so large that Dr. Gaddie will wish that he had never been a candidate.—Elizabethtown News.

CHINA IS AWAKENING; POSTAL SERVICE PROOF.

Mail Delivery as Far as Tibet, English Inspector Says.

"It is obviously impossible," says Sir Robert Berton, acting inspector general of Chinese customs, who is now in England, "for the world at large to treat as a negligible quantity, either politically or industrially, a homogeneous race of 400,000,000 human beings, a large percentage of whom are now fully alive to the potentialities of their race and country."

"As an instance of the changes in Peking alone, Sir Robert says that 'the old, unimproved, negligible thoroughfares are giving way to spacious macadamized roads, lighted by electricity in place of the old-fashioned oil lamps. An adequate and free water supply on European lines has replaced the old surface wells.'"

"Perhaps the most amazing progress in Chinese internal administration is that recorded in connection with the postal service. In illustration of this Sir Robert says:

"Post and parcel carriers now penetrate into extreme western China 2,000 miles and we have postal lines running as far as Tibet. There is also a money order system all over China, and express delivery service is every bit as good. There are 4,000 native post offices, employing 15,000 persons, of whom not more than 200 are foreigners."

"Again," says Sir Robert, "the sedan chair is being superseded among the wealthy Chinese by the use of brought-in drays by imported horses, or Australian breed. The police force of Peking is now organized on American lines and effectively controls traffic in the streets."

"As regards the educational movement," he reports, "it is significant that many high officials are maintaining schools at their own expense. There is, for instance, the case of the wife of a Mongol prince, who has at least fifty Chinese girls in a private school, which she maintains."

KAISER'S PHRASE ORDINARY.

"Great and Good Friend" Not Expressive of Anything.

"Great and good friend," the phrase used by the kaiser in addressing the Nicaraguan president, seems to have created a tempest in a teapot in Germany, where it gave fiery editorial writers an opportunity to talk bellicently about England.

It is admitted that the familiar phrase was not the product of the kaiser's own pen, but that it was used as a mere conventional expression by an official in the foreign office, whose duty it is to write nice letters to residents and princes upon their promotion.

Queen Victoria was more sparing in her use of the address intimate. In writing to President Buchanan fifty years ago thanking him for the attentions shown to her son the Prince of Wales she merely addressed the president as "My good friend," signing her letter, "Always your good friend."

When Louis Napoleon was elected president of the French republic she addressed him as "My good friend." Being a sovereign herself, when Napoleon became emperor she addressed him as "Mon frere."

years, and which, with its last stopping place in Westfield, has now led to the island of Governor in the English channel, Miss Rose Cleveland, sister of the late president, thus hopes soon to set forth a new chapter in the history of the famous president.

Through this search, now temporarily halted in the little island where Miss Cleveland is at present carrying out the work, there has been established beyond a doubt the fact that two generations of ancestors of Grover Cleveland were after their arrival in America, some 200 years ago, held in slavery, one of them, the late president's great-grandfather, being sold to a woman in Canada for sixteen gallons of rum.

PLAN WASHINGTON STATUE.

Spokane to Have a Hundred Foot Figure of Re-enforced Concrete.

The Spokane (Wash.) branch of the Sons of the American Revolution will erect a statue of George Washington, 100 feet from the base to crown, in Cliff park, Spokane, to be completed in 1914, the twenty-fifth anniversary of the admission of Washington to statehood. The president of the United States, together with prominent men and women from various parts of the country, will be invited to take part in the unveiling ceremonies.

The statue, to be constructed of concrete re-enforced and occupy a circular rock rising 100 feet above the highest point in Cliff park, will cost \$50,000. It will be modelled on the lines of the statue in Independence hall at Philadelphia, declared to be the most acceptable likeness of the Father of His Country. The base will bear this inscription: "The First American. Let Every American Aspire to the Measure of This Man."

Artificial Flowers.

It was in Italy that a demand for artificial flowers first arose. This was due primarily to a variety of fashion which demanded that during festive blossoms in and out of their seasons should be worn and also to the fact that their color and freshness were stable. Later on, in the middle ages, the artificial so far superseded the natural that both men and women decked their heads with imitation flowers of tulle, paper, glass and metal.

FOR THE BATHROOM.

New and Attractive Things in Nickel and Brass.

The hygienic bathroom delights the soul of the housewife who preaches the twentieth century gospel of cleanliness, and she is therefore on the lookout for every new invention and convenience. The manufacturers are no less alert, and there are always interesting things for use in the bathroom.

BATHROOM CONVENIENCES

to be discovered in a tour of the shops or departments making a specialty of these productions.

A collection of the newest things for the bathroom is here shown. The bath mat holder is a decided novelty and solves the question of how to dispose of the rubber tub mat when it is not in use. The holder is on the order of the regulation coat hanger. Then there is a substantial hook with two prongs for the bath robe and another hook for the bath spray.

All these contrivances are fashioned from nickel or are nickel trimmed, but they may be duplicated in brass, the latter metal being preferred nowadays by some housewives in the more familiar and less costly nickel or heavy crystal.

A tray that may be attached to the wall and hold brush and comb is a recent production, and, so, too, a match holder and rack.

STORIES WRITTEN

While The Press Thunders

BY LOUISE

Talking about religion and people of thirty years ago, one woman who was quite youthful then, voluntarily confessed the other day as she passed our shop, that the young people of today are better than herself and her chums were when they were growing up! That is, better in church.

We all—the worst of us—can really be very good in church. That is easy. If one does not think too much about the ugly ha in front. It is after we step out the sacred door and commence to talk—talk about those who seem to us are playing hypocrites when, in truth, we do not know. It is after we have heard a bit of gossip and begin to repeat it the way we want it to be. It is then we say, "he is alright, but—" and add what we should not about the fellow. Enough preaching, though!

And this woman was telling in her bany way about the revival of the old school. The revival where so many were able to sing and pray (in public)—where the boys went to meet their girls, different from now when the girls sit in church and wonder if "he" will be standing on the outside after the service is over to take her home.

One night the church was crowded. The older members had to occupy the amen corner, other prominent members had to stand and lean against the wall. The back benches were filled with young people who were afraid they would get religion. By the way, isn't that an awful fear? The girls were sitting on one side of the aisle "to themselves" and the boys were on the other "to themselves".

An anxious young man was eager to get a note across the aisle to his sweet heart. It was suggested among the boys that he crawl on the floor and take it to her. Of course he would not do that. The other fellows were afraid to for it was certainly a brave act to crawl across the floor during the services. Think of it!

However, when the preacher asked the congregation to bow their heads in prayer, a fat chap of twenty, whispered to his friend, "give me the note", just as he was stretched out in the middle of the aisle, creeping on his hands and knees, the preacher spoke in a mournful way, the creeping on his hands and knees, and he continued to pray.

Well, if a clown had stolen into the church more excitement could not have been created. Everybody, even the devout Christians, craned their necks to see who was on the floor. The boys and girls who giggled and snickered out loud.

You know what it is to get the giggles in church—that is, if you have not passed that age.

The flowers and feathers on the hats shook! Every head, though bowed, was turned.

The boy crawled on. He was not afraid. The Lord did bless him.

Today he is a business man in St. Joseph, Mo. He has succeeded. No doubt, because he was not afraid.

It is better to be bad and brave than to be bad and a coward and try to get others to perform the acts that you yourself are afraid to do.

The woman said the boys on the bench were afraid to do what the fat chap did. In fact they were always afraid.

Afraid to be mischievous.

Afraid they would be too good.

Afraid to walk down the street with those whom they considered were not their equal socially.

Afraid, yes, just scared—and that is the reason some of us are sitting still on the benches today.

Afraid to write what we think.

Afraid we will be criticised if we make efforts and fail.

Afraid to risk—

Afraid to work—

Afraid to fail, are you?

COURT NOTES.

Chas. L. Chamberlain, engineer for the L. H. & St. L. R. R., when hurt in an accident at Askin about two years ago secured judgment from railroad Co. for \$4750.00 and his costs. Jury trial was waived, and the Court fixed his damages at the figures above named.

The Pettit jury consists of the following well known men: Barney DeFarnette, Mack H. Frymire, O. B. Mattingly, Thos. O. Donoghue, J. D. Beeler, S. P. Drury, Thos. H. Bates, H. H. Hardin, P. M. Beard, Crawford Beauchamp, Tice Miller, Dan Allen, Taylor Miller, J. V. St. Clair, D. S. May, S. M. Crume, B. H. Beauchamp, Henry Greenwell, Chas. Mayes, Joe Beavin, Dock Board, Jno. Bates, Thos. Lewis and Jubal Hook, Jr.

Fred McClellan and John Ball were excused from the Grand Jury service on account of illness in their families. John Flood and Crawford Beauchamp were secured in their places.

Lee Dunn on a charge of gaming was fined twenty-five dollars and committed to the county jail for a ten day jail sentence.

Ollie Johnson was fined ten dollars and costs for wantonly breaking a school house window.

Harvey Smith was fined thirty dollars on a charge of breach of peace.

Billy Bob O'Daniel was given forty days imprisonment at hard labor, on a charge of flourishing a pistol.

W. R. Johnson on a charge of violating the local option law was fined sixty dollars and given forty days in the county jail at hard labor. Johnson was given a fine on another charge and on another was given a seventy-five dollar fine and a ten day jail sentence. Upon another charge, a fine of sixty dollars was assessed. Two other fines of one sixty dollars and another of ninety were assessed.

Charles Blair, on a charge of furnishing liquor to a minor, was fined fifty dollars.

The jury failed to reach a verdict in the trial of John D. Beavin, and he was remanded to jail. The charge against him is willfully and maliciously shooting and wounding another with intent to kill.

L. D. Addison was fined one hundred dollars for not reporting bonded warehouse as law requires. The other two cases against him were dismissed.

The Hardinsburg and Cloverport Turnpike Co. was fined ten dollars for unlawfully making report to County Clerk as required by law.

R. S. Carter sent the editor of the News a large box of the finest apples that have ever been sent to the News Office. This was certainly appreciated. Newspapers people always enjoy such courtesies.

Gates Lifted.

The county has lifted the toll gates on the Hardinsburg and Cloverport turnpike until arrangements can be made about buying it from the company. Harry Newson, who has had charge of the care of the pike during the last summer, said Monday that if the county would give the company their price, then they would sell it.

Mr. Newson has spent much time, energy and money on the road. The heavy rains of the last few months have been terribly hard on the pike work.

Improvements.

SLUMP CONTINUES WITH POOL TOBACCO AUCTION

Over Thirty-one Hundred Hogheads Sold at Lexington—Trust Senses No Buyer—Sale Continues.

Lexington, Ky.—(Special).—At the three opening sales of the 1909 pool tobacco by the Executive Board of the Burley Tobacco Society, acting under a resolution of the District Board, 2,342 hogheads were sold Thursday and Friday. The average price of the first day was \$12.31, and for the second day \$12.33, with a range of prices from 8 1/2 cents for G-3, to 18 1/2 cents for C-2.

About a dozen independent manufacturers have been the only purchasers, the American Tobacco Company not having a representative at the sale.

Buyers Liked Own Terms.
The opening sale was considerably delayed, with parleying between a conference of the buyers and the Executive Board. The buyers' committee objected to the terms of sale announced by the Board, and endeavored to have their own terms rule. The Executive Board declined to make the proposed change, and the sale is proceeding under original terms. The usual recess from Friday until Tuesday caused a suspension of the sale, it was announced that the auction would continue indefinitely.

Alaska's Coast Region.

The coast region of Alaska has a mild climate, not colder than the northern part of Puget sound or of Scotland. The stand of trees is dense, averaging for considerable areas 25,000 feet per acre. Sitka spruce forming about 20 per cent of the stand and western hemlock about 75 per cent. Although by far the most abundant species, western hemlock does not put the spruce as large individual trees as the spruce or western red cedar, the former occasionally showing a diameter of six feet with a height of 150 feet and the cedar diameters of from three to four feet.

Those Questions.

Wads—Will you telephone—Hello! Is this Main 3267? Voice at the Other End—Yes. Who do you want to see? Wads—Mr. Babbage (he is in the office there). Voice at the Other End—Yes. Do you want to talk to him? Wads—No. I want to kiss him.—Chicago Record Herald.

Keeping His Word.

CONCINC PROOF

OF THE VIRTUE OF

Lydia E. Pinkham's Vegetable Compound

What is the use of procrastinating in the face of such evidence as the following letters represent? If you are a sick woman or know one who is, what sensible reason have you for not giving Lydia E. Pinkham's Vegetable Compound a trial? For 30 years we have been publishing such testimonial letters as these—thousands of them—they are genuine and honest, too, every one of them.

Mrs. S. J. Barber says:

"I think Lydia E. Pinkham's Vegetable Compound is the best medicine in the world for women—and I feel it my duty to let others know the good it has done for me. Three years ago I had a tumor which the doctor said would have to be removed by an operation or I could not live more than a year, or two, at most. I wrote Mrs. Pinkham at Lynn, Mass., for advice, and took 14 bottles of Lydia E. Pinkham's Vegetable Compound, and today the tumor is gone and I am a perfectly well woman. I hope my testimonial will be of benefit to others."—Mrs. S. J. BARBER, Scott, N. Y.

Mrs. E. F. Hayes says:

"I was under the doctor's treatment for a fibroid tumor. I suffered with pain, soreness, bloating, and could not walk or stand on my feet any length of time. I wrote to Mrs. Pinkham for advice, followed her directions and took Lydia E. Pinkham's Vegetable Compound. Today I am a well woman, the tumor was expelled and my whole system strengthened. I advise all women who are afflicted with tumors or female troubles to try Lydia E. Pinkham's Vegetable Compound."—Mrs. E. F. HAYES, 1890 Washington St., Boston, Mass.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Cotton Seed Meal.

Until about 40 years ago cotton seed was thrown away, burned up, used by some as a fertilizer, but generally regarded as being worthless, while today cotton seed brings many dollars to the purse of the Southern planter and the products therefrom find a world-wide market. Cotton seed meal has attracted much attention in the feeding world in the past few years, and each year some food expert discovers some new use for this valuable commodity. Twenty years ago it was an extremely difficult matter to interest a cattle feeder sufficiently to even give cotton seed meal a fair trial, today it is a hard matter to find a practical cattle feeder who does not use cotton seed meal. There is no grain product from which protein, most important of all feeding material to an animal's system, can be obtained so cheaply as from high grade cotton seed meal, which contains 41 per cent protein. At the present time only about one half of the output of cotton seed meal manufactured in this country is used here. Fully one-half is exported. The thrifty New England Farmers were the first people in the United States to appreciate the value of this wonderful feed enough to buy and use it. The Northern, Western and Southern feeders are beginning to awaken to the fact that they have long overlooked a most valuable feed. Wherever cotton seed meal is properly used, it makes everlasting friends. The object with the up-to-date feeder is to produce the best cattle in the shortest length of time, at a minimum expense. To do this it is necessary to use cotton seed meal. In buying cotton seed meal, always buy the best, it is the cheapest in the end and any dealer will be glad to furnish you with literature relative to feeding. If you can not obtain such literature from your dealer, write the Agricultural Experiment Station for such information.

Been Away Nine Years.

My Dear Mr. Babbage: Please change my address to 447 Swiss Ave., Dallas, Texas. It does not appear that I have been away from my dear old country and state so long, yet it will soon be nine years. I want to see all my old friends faces before I bid farewell to all earthly things. I will never cease to love Breckenridge county people. There is nothing I look with more interest than the day for the News to arrive, though I miss some of the old Stephensport correspondents. Mrs. K. B. Lav, Mrs. P. C. Perry. In your travels over the county just make mention to my friends that I am still old Breckenridge. Respectfully, J. W. Jarrett.

The Wise Tailor.

"The late Goldwin Smith," said a magazine editor, "exuded good advice on all occasions. 'You know how barbers, in their desire to sell tonics and pomades, make coarse and insulting references to their patrons' baldness? Well, a Montreal barber once criticized the condition of Prof. Smith's hair in that way, saying: 'Hopefully bad as your scalp looks, sir, my Scalpene-Dandruff will fix it up.' 'The aged philosopher flushed and retorted: 'You are very foolish to point out your patrons' physical defects. The saddens and displeases them. It doesn't make them buy. It drives them away, and they will never return. You would be wiser, my poor fellow, to imitate a successful down town tailor. This man says to every patron as he takes his measure—he says it to a fat and lean, short and tall, alike: 'It's an extraordinary thing—of course you already know it, sir—but you have exactly the same measurements as the Apollo Belvidere.'"

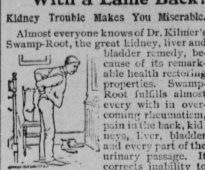

Eye Shows Disease.

According to Dr. W. Andersch, a Norwegian scientist, all diseases and injuries are registered on the iris, either by color spots or lines, each organ of the body being connected up with the iris and having its representative place there. The right eye is the indicator for the right part of the body and the left eye the indicator for the left half. The new system of diagnosis is said to have been discovered by Professor Pezozely of Poland, who, in his boyhood, caught an owl and the bird's right eye was broken. The boy noticed a black stripe in its right eye. He kept the bird and found that when the fracture was well the black line disappeared.

Race Growing Sturdier.

Dr. Sargent of Harvard finds that the present day undergraduate is an inch taller and four or five pounds heavier than the undergraduate of 30 years ago, and he lays it to athletics. We doubt that. Why not lay it to the generally believed fact that the mothers are taller and more healthy than were their grandmothers?

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.
Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root inflicts almost every ailment in over-coming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to urinate and scaling pain in passing, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

WILLING TO CALL IT OFF

Low Dockstrader Tells Story to Illustrate His Theory That We're All Superstitious.
"We're all superstitious," says Low Dockstrader. "Ever hear the story of the two negroes who got into an argument? One says to the other: 'I'll bet you a dollar that I got the nerve to sit on a tombstone in de graveyard while the clock strikes midnight.' The bet was made, but the other man had to go along to see whether or not the conditions were carried out. On the way to the cemetery the second man fell and broke his wooden leg. But he was so anxious to win that dollar that he took the leg off and hobbled along to the cemetery, one hand on the other negro's shoulder. They seated themselves on a prostrate tombstone. 'Do I win that dollar, or do I not?' asked the man who made the proposition, triumphantly. Just then the clock in the church steeple began to strike. From behind a bush near by a shot fired and the man on the other negro's shoulder. They seated themselves on a prostrate tombstone. 'Do I win that dollar, or do I not?' asked the man who made the proposition, triumphantly. Just then the clock in the church steeple began to strike. CUSTER.

A Newsy Letter From Custer And Her Neighborhood--Notes About The People.

The death of the little baby, from meningitis, of Mr. and Mrs. Marvin Harrington, aged one year and two weeks, was a sad blow to the family. The burial took place in the family burying ground, near Custer.

John Cook and Alf Taylor were in Hardinsburg last week.

Tobacco is all housed. The general crop is good and a fine yield. We understand the pledged price is from 12 to 20 cents. The corn crop turns out a fairly good yield and farmers have no cause to complain.

John Cook sold his automobile to Mr. Hardin, of Clover Creek, for eight hundred dollars.

Misses Brown and Watlington each made good talks at the association. Each lady showed their practicality, and are good movements to their former instructors. Miss Brown was a Kingswood pupil last year, while Miss Watlington was a pupil of Prof. Martin at Hardinsburg.

Miss Ola Marr and mother, of Garfield, were guests of Mrs. James Haynes Saturday.

Much praise is due David Walls for the success of the school box supper Saturday night. Close to \$40 being the estimated receipt. The proceeds will go to the School Library Fund now started here.

Rafe Hufines and family have moved back to Louisville, having moved to this place from Louisville three years ago.

We are afraid the matrimonial noose is suspended over the head of one of our country bachelors. Such seems the impending fate.

Hauling from this place is lively now; the roads are good, making traffic to and from the railroad easy to transport.

J. A. Cook bought of Dr. Hart and Wm. Cannon, of McDaniels, three car loads of steers and shipped them to Louisville.

Mrs. Eliza Taylor returned home Monday after an absence of six weeks visiting in Louisville and Cloverport.

Mr. Barnett, who formerly taught a music class here, but now of Garfield, attended the box supper at the school house Saturday night, given by the teacher, Dave Walls.

Prof. Martin was in Custer Saturday to attend the District Teachers Association that was held here.

Golda Pile is visiting her sister, Mr. Sherman Haynes.

Will Marr, of Garfield, has returned to complete A. Taylor's new storehouse.

Miss Lena Meyer, of Buras, was a guest of Dr. Meador Saturday and attended the box supper.

Prof. Maxey, principal of the county High School, located at Hardinsburg, was a conspicuous figure in the county association Saturday, giving a good talk to the teachers on the subject of the Purposes of a County High School, showing to the fathers and mothers present, the necessity of a good, practical education for their children. Mr. Wall's subject, How to Teach and Study History, was a good exposition

as to the ways how. Prof. Martin is a fine all round man and was ready every fraction of a second to lend a helping hand.

Miss Judith Walls was the week end guest of Miss Daisy Trent.

Miss Ella Ahl, of Hardinsburg, spent a week visiting friends in Custer vicinity.

T. J. Mitcham bought the Thompson Johnson place and will move in town. Mr. Johnson is looking for a suitable farm but will move his family to John Cook's farm for the winter.

Jim Bennett sold one of his farms to Willie Morris at a private sale.

Marvin Hoskinson and wife will move to Vettesse, they having sold their property here at a fine price to James and John Bennett, each man adding their respective parts to their old farms.

Gilbert Pile has received a fine lot of fall goods now ready for market.

Mrs. Jabez Carter died Saturday night after an illness lasting five or six months. She was buried in the Kasey grave yard on Monday. She leaves a husband and several children.

Death claimed the little four year old son of John Gray Sunday afternoon. A cute, bright child, whose absence fills the sorrowing hearts of its parents with grief. Mr. and Mrs. Gray have the sympathy of their many friends.

Miss Pearl Rhodes is fishing some Moors yet.

Joe Moore, Constantine pedagoge, graced the Association with his jovial, beaming face. He also had some good things to say to us.

If the best is not too good for you Lewisport Best flour is the flour you ought to use.

A HELPING HAND

Is Gladly Extended By A Cloverport Citizen.

There are many enthusiastic citizens in Cloverport prepared to tell their experience for the public good. Testimony from such a source is the best of evidence, and will prove a "helping hand" to scores of readers. Read the following statement:

John H. Wills, Judge of police court, High St., Cloverport, Ky., says: "I have no hesitation in pronouncing Doan's Kidney Pills the best remedy to be had for kidney disorders. I take pleasure in recommending them to all persons afflicted with this trouble. I shall be pleased to answer any questions about Doan's Kidney Pills at any time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name--Doan's--and take no other.

ADDISON.

Bro. H. Jarboe filled his appointment at Holts Chapel Sunday.

Ernest Popham, of Cloverport, was the guest of Miss Bessie Mitchell Sunday.

Miss Joy Howard and her father, W. J. Howard, are spending a few days here and will return to Louisville soon to spend the winter.

Miss Daisy Morris was the guest of Miss Julia Fella Sunday. O. L. Black has returned from Louisville.

California Party.

J. C. Crutcher, agent for the Henderson Route at Webster, had a party of twenty-seven for California last Wednesday. He went as far as St. Louis with the party. Three years ago he took a party of twenty to Los Angeles, Cal., and he says that the prospect is good for a nice party to California in the spring. Mr. Crutcher makes a specialty of Western business, and has several large crowds each year for the West.
